CAREER OBJECTIVE

Motivated Full-Stack Developer with a foundation in web development and hands-on project experience using React.js, Next.js, TypeScript, Node.js, Express.js, and MongoDB. Interested in building scalable, responsive, and user-friendly web applications. Seeking an opportunity to apply technical knowledge, develop problem-solving skills, and contribute to software development projects while growing as a professional developer.

TECHNICAL SKILLS

Frontend Development: HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS

Backend Development: Node.js, Express.js

Database: MongoDB

Cloud & Development Tools: Git, GitHub, Visual Studio Code

PROJECTS

StudioSpace—Studio Discovery & Booking Platform

Project Type: Full-Stack Web Application

Overview:
Developed a full-stack web application that enables users to discover studio spaces and supports studio hosts with listing management and booking-related workflows.

Technology Stack: Next.js, Express.js, MongoDB

Key Features:

- **Studio Discovery:** Developed the frontend using Next.js to support studio discovery and browsing experiences.
- **Backend Development:** Implemented backend functionality using Express.js to support application workflows.
- **Listing & Booking Management:** Integrated MongoDB and implemented studio listing management and booking-related user flows.
